

# Cycle lathe DUS 400ti

## Technical data

- Manufacturer: Boehringer
- Workspace: 420 x 1000 mm
- Spindle speed: 50 - 3000 min<sup>-1</sup>
- Tool carrier system MULTIFLEX B with holder BD 25 120
- Control in cycles as a Teach in or via LAN connection
- Control SINUMERIK 810 D

## Application areas

- Application in training courses for CAD / CAM
- Practical application in the lecture "Control Engineering"
- For tests to assess features such as accuracy, machining forces and acoustic noise levels
- Machining medium-sized units for test structures
